

Since 1990, METRONOMIA has stood for quality, competence, continuity and unconditional customer orientation in terms of data management, statistical services and medical writing in clinical research. As a growth-oriented medium-sized company with over 120 employees, we operate internationally. Our customers appreciate the competence and commitment of our employees and we value our employees as the basis of the company's success. Join a motivated and friendly team as

# Senior Clinical Data Manager (m/f/d)

(Flexible / Office, Homeoffice or Hybrid / UK or Germany based)

## Your responsibilities

- You will lead study projects in the area of Clinical Data Management or represent and coordinate Metronomia project teams as project manager.
- You represent Metronomia in project meetings with customers and study teams and, if desired, in other customer interactions (e.g. bid defense meetings).
- You are actively involved in the clinical data management of clinical and non-interventional studies. This includes tasks in eCRF/ePRO setup and validation, DMP development, data review & cleaning and import of external data.
- You design and conduct trainings for internal and external study teams in the area of Clinical Data Management.
- You actively support the further development of the Clinical Data Management SOPs.

## Your qualification

- You have relevant training or a degree and at least 3 years of professional experience in Clinical Data Management in the pharmaceutical industry or a CRO.
- You have a sound knowledge of GxP-regulated clinical research, clinical data management processes and CDISC standards.
- You are a team player with high social competence and very good communication skills.
- You are able to communicate convincingly in both German and English.

## Our offer for you

- **Appreciation and family-friendliness!** We see and respect you as a person and support your professional compatibility with hybrid working models.
- **Excellence is worth it!** We offer attractive remuneration and extensive company social benefits!
- **Flat hierarchy!** Our entire team meets at eye level at all times! In this way, we create a special working atmosphere for our highly motivated and qualified team!
- **Challenging tasks!** There is a detailed introduction to the area of responsibility and regular opportunities for internal and external training!

Have we piqued your interest? We look forward to getting to know you!
